

I am writing in regards to the K-Love FM radio station. It was brought to my attention that there is a possibility of this station being replaced by an LPFM broadcaster and that it could possibly do away with the station. I wanted to inform you that K-Love is the most positive and encouraging radio network that I have ever heard. I have been donating to them for over 2 years now and will continue to as long as they are on the air! As a resident of Lexington, KY K-Love I know hundreds of people who do not switch the dial to any other station except K-Love. I must say that if K-Love were to be done away with, I can speak for the majority of the community in saying that it would be a travesty! I believe that the service provided by K-Love is in the public interest because it is the only radio network that is funded by the listeners and its messages and music are so spiritually powerful that they help people get through the day. Many people rely on this station to help them when they are struggling, feeling down, or even to help them to continue having positive, uplifting days! I think that keeping K-Love as it is would be the wisest decision radio could ever make! Thanks you very much.
